

SP 30.1, Cost Accounting Standards

Administrative changes made for the 3-16-06 revision:

1. Under the section heading “Subcontract Clauses”, the first bullet point was modified indicating that paragraph (b) be excluded from the *Cost Accounting Standards* clause (FAR 52.230-2).
2. Under the section heading “REFERENCES”, the Prime Contract clause numbers were updated to conform to Contract 31, except for Clause 8.5, *Flowdown of Contract Requirements to Subcontracts*, which was deleted because there is no equivalent clause in Contract 31.
